

Community News!!!

The wait is finally over! The Board of Directors have been in contact over the last year with our good neighbor, Chris Pacetti, in regards to a post and chain being placed on N. Mizzell drive to help reduce non authorized vehicular traffic to the area that borders our community. We believe this will greatly minimize trespassing to our common grounds. Mr. Pacetti was instrumental in making this a reality and we'd like to extend a big THANK YOU! to him and the multiple agencies that signed off!
